

# WEST SIDE NEIGHBORHOOD STORAGE PROJECT-PHASE 1A

October 17, 2019

## CONSTRUCTION UPDATE

Dear Wilmette Resident:

DiMeo will start the construction on Orchard between Romona and Redbud on **October 21th**. All thru traffic on Orchard will be detoured to Locust during daytime hours, typically 7AM-5PM. Please be aware that the Locust Detour is schedule to be removed the week of October 28<sup>th</sup> so please plan accordingly and allow additional time to get to your destination during this work.

The intersection of Romona and Orchard will have periodic lane closures outside of school arrival and dismissal times. Weather dependent the underground work should be completed in 2-3 weeks and roadway restoration to be completed in the 2 weeks following the underground completion.

During the construction hours DiMeo will provide local access to driveways within the closure as work allows. When the sewer crews will be working in front of your residence a member of the construction team will knock on your door to notify you a few hours before so your vehicle can be moved. Should your house be affected first thing in the morning the team will notify you the night before. Expect your driveway access to be blocked for a few hours. During these times please park on the side streets or east of Redbud on Orchard.

Refuse collection will be accommodated with early morning pickups to avoid construction traffic. It is recommended to have refuse containers at the curb the evening prior to our regular pickup day. Leaf collections will be accomplished as usual until conditions prevent curb side pickup. Advanced notice will be provided when alternative collection methods are necessary.

We regret any inconveniences and thank you for your patience throughout the construction process. If you have any questions or concerns about the project please do not hesitate to contact the project team on the website [www.wsnsp.com](http://www.wsnsp.com) or the resident engineer **Tracy Wais, PE, at 847-878-0501 or [twais@cbbel.com](mailto:twais@cbbel.com)**.
