

HARPER ELEMENTARY SCHOOL THORNWOOD PARK PROJECT INFORMATION SHEET

NEIGHBORHOOD STORAGE PROJECT BACK TO SCHOOL PLAN

BIKE AND PEDESTRIAN INFORMATION FOR THE FALL SCHOOL SESSION:

- Sidewalks are open on Hunter Road. All Harper parents and students will be directed to use the official school walking route on Greenwood Avenue.
- Thornwood between Dartmouth and Hunter will be closed to vehicle, bike, and pedestrian traffic due to construction activity.
- Flaggers and temporary pavement will be provided for crosswalks impacted by construction activities.

PARENT INFORMATION FOR SCHOOL DROP-OFF AND PICK-UP:

- The Carpool line on Dartmouth is open. Parents should access the carpool line via Kenilworth Avenue.
- The intersection of Dartmouth and Thornwood is open.
- No large construction trucks on Thornwood and Dartmouth during school drop-off and pick-up.

ABOUT THE PROJECT

The Construction Team for the Village of Wilmette's West Side Neighborhood Storage Project is working hard to get the roads, parking, and sidewalks back open and safe in preparation for the Fall school session which begins on August 22nd. Flaggers will manage locations such as the Thornwood Park construction entrances and where activities may impact walking routes. Notable project updates include the following:

- Over 50% of the Storm Trap vault is complete (4.5 million gallons of underground storage at Thornwood Park). The remaining pieces are scheduled to be installed by the end of August.
- Neighborhood Storm Sewers on Hunter Road (north of Lake Avenue) and Greenwood Avenue are nearing completion. Storm sewer installation on Thornwood Avenue will begin soon.
- The Overall Project Substantial Completion milestone is on target for a November 2022 Completion.

STREETS AROUND HARPER SCHOOL

TIMEFRAME	DARTMOUTH PICK-UP AND DROP-OFF LANE	THORNWOOD EAST OF DARTMOUTH	THORNWOOD WEST OF DARTMOUTH
Start of School in August to November	✓	X	✓
