Subject: Neighborhood Storage Project – Phase 1

Dear Neighbors:

Enclosed with this letter is an informational brochure on the Neighborhood Storage Project—Phase 1 at Community Playfield. The back of the brochure includes the contact information for your construction team. While you are welcome to contact any of us, it is encouraged that you reach out to Lisa Brock with questions and concerns. Lisa can be reached at 847.323.3602 or lbrock@rhmg.com. She is the project's stakeholder liaison and will make sure that your questions are responded to in a timely manner. You are also encouraged to email Lisa your email address and she will add you to the electronic database (E-news) to receive weekly updates on the project.

Typically, key project staff would go door to door and introduce themselves to you and your neighbors. In this case, however, we are following the CDC's social distancing guidelines and therefore are not knocking on doors. This does not mean, however, that we are not here to answer your questions. Please reach out to Lisa by phone or email and she will respond accordingly.

Finally, the Open House scheduled for March 19 has been cancelled and will instead be an online Open House scheduled for next week. Details on the Open House will be provided on the project website at www.wsnsnp.com, noticed on social media and sent electronically to those who signed up for updates.

As always, please feel free to reach out to me at bergerb@wilmette.com or 847-853-7627 if you have any questions.

Sincerely,

Brigitte Berger-Raish, P.E.
Director of Engineering and Public Works
